

SUBIN K

Junior Python Django Developer

Palakkad, Kerala, India | Phone: +91 9048677171

subinkaladharan@gmail.com | www.linkedin.com/in/subinkaladharan/ | [GitHub](#)

PROFILE

Certified Python Django Developer with hands-on experience building and deploying scalable, database-driven web applications using Django and Django REST Framework. Proven track record in developing RESTful APIs, integrating secure third-party payment gateways like Razorpay, and deploying production-ready cloud environments. Skilled in Django ORM optimization, role-based access control (RBAC), and creating cross-device responsive frontends using Bootstrap 5.

TECHNICAL SKILLS

Backend: Python, Django, Django REST Framework, RESTful API, Django ORM, Authentication, RBAC, Payment Gateway Integration

Frontend: HTML5, CSS3, Bootstrap 5, JavaScript, Responsive Design, Template Rendering

Database: MySQL, PostgreSQL, SQLite, Schema Design, SQL Queries

Tools: Git, GitHub, VS Code, PyCharm, Streamlit, PythonAnywhere, Razorpay, Version Control

Core Competencies: Software Architecture, Problem Solving, Analytical Thinking, Agile Team Collaboration

PROFESSIONAL EXPERIENCE

Full Stack Development Intern (Python Django & React) Luminar Technolab, Kochi Nov 2025 - Present

- Developed and deployed 2 live web applications on PythonAnywhere using Django, Bootstrap 5 and Razorpay payment integration
- Implemented RESTful APIs, Django ORM, role-based access control and responsive UI using HTML5, CSS3 and Bootstrap 5
- Managed codebase using Git and GitHub with structured version control

Associate CS - Internet Support Sutherland Global Services, Ernakulam Apr 2024 - Nov 2025

- Resolved 50+ daily Amazon seller issues maintaining 95%+ customer satisfaction and improving team efficiency

Quality Analyst Personiv an eClerx company, Coimbatore Feb 2023 - Apr 2024

- Maintained 98%+ data accuracy auditing 100+ daily entries improving team productivity by 15%
-

PROJECTS

BookYourSeats - Event Booking Platform ([GitHub Link](#))

- Developed and deployed a full-stack event booking platform with Music Concerts, Workshops, Tech Events and Festivals categories
- Implemented role-based access control separating Admin dashboard with CRUD operations and user booking interface
- Integrated Razorpay payment gateway with Gold, Silver and General ticket types and real-time seat availability tracking
- Deployed live on PythonAnywhere with Django media file handling for event and category images

HyperMall - E-Commerce Platform ([GitHub Link](#))

- Built a full-stack e-commerce platform supporting Clothing, Grocery, Mobiles and Fitness categories with product management
- Developed Admin panel for category and product CRUD operations with image upload and inventory management
- Deployed live on PythonAnywhere with responsive UI ensuring cross-device compatibility

AI Resume Score Analyser ([GitHub Link](#))

- Built a resume screening tool using Streamlit that extracts text from uploaded PDF resumes using PyPDF2
 - Implemented weighted scoring logic across Required Skills, Preferred Skills, Experience and Keywords
 - Displays ranked candidate results in a sorted table enabling quick identification of best matched applicants
-

EDUCATION & CERTIFICATION

Certification: Python Django Developer – Luminar Technolab, Kochi

Degree: B.Sc Catering Science and Hotel Management – AJK College, Coimbatore
